

Author: Connect for Freedom

Grade Level: 12th Grade

Lesson Title: Digital Awareness & Online Safety

Instructional Time Required: One Class Session

Lesson Objectives: Students should be able to:

- Understand the difference between online enticement and sextortion.
- Understand where predators are reaching their victims.
- Define what grooming is and identify grooming tactics.
- List privacy suggestions to take to protect themselves online.
- Identify the steps to take if they see something inappropriate online.

Lesson Overview:

This lesson starts with learning about online enticement, sextortion, and online exploitation statistics. Students will then learn about where predators are reaching out to their victims online and the grooming process they employ to build a positive relationship with their intended victims. Then students will watch a video called “This is Human Trafficking- Social Media Recruitment” created by Youth Activist Inc. This is an extremely important video because it highlights how traffickers and predators are using social media and the internet to reach out and exploit youth. After this video and a discussion, students will read about a real-life story where a young man with a promising future was sextorted online and unfortunately took his own life. Sextortion has been a growing problem in the United States the past few years, and it is important for girls AND boys to know the seriousness of it. Students will then learn about privacy suggestions for social media and the internet and what steps to take if they ever find themselves in an uncomfortable situation online. At the end of the lesson, students will take know2protect’s Pledge2Protect, vowing to stay safe online.

Key Terms in Lesson:

Online enticement- involves an individual communicating with a minor via the internet with the intent to commit a sexual offense or abduction.

Sextortion- a form of child sexual exploitation where a minor is threatened or blackmailed, most often with the possibility of sharing with the public a nude or sexual image of themselves, by a person who demands additional sexual content, sexual activity, or money from them.

Grooming- the process in which an offender sexually abuses a minor. This is often the first step in fostering a relationship with a minor and building trust.

New Jersey Student Learning Standards Addressed in This Lesson:

- 2.3.8.PS.1: Assess the degree of risk in a variety of situations, and identify strategies needed to reduce deliberate and non-deliberate injuries to self and others (e.g., digital safety, sexting, dating violence, domestic violence, gang violence, human trafficking, nonconsensual sexual encounters, other threats of violence).
- 2.3.8.PS.4: Describe strategies that sex traffickers/exploiters employ to recruit youth.
- 2.3.8.PS.6: Demonstrate strategies to use social media safely, legally, and respectfully (e.g., sexting, sextortion).

Lesson Enrichment Activity: *Connect for Freedom* Online Safety Jeopardy

Lesson Handout: *know2protect* Tips2Identify Fake Profiles

Student Assessment:

- What is the key difference between online enticement and sextortion?
- Have you ever been in a situation where someone has made you feel uncomfortable online?
- What privacy suggestions do you plan to implement after this lesson?
- Identify several grooming tactics used by predators.
- Do you think that sextortion is common and can happen to anyone? Why or why not?
